

General Public & Businesses & Leaders

Specific Things You Can Do To Help TMP Right Now

Please support the Ticci Man Project and show Native Americans you care about ending racism and discrimination, especially in Hollywood. Remember, only a tiny fraction of Native Americans receive income and benefits from Indian gaming while most Indians in the US and Canada live below the poverty line. It's time we do something to help right this 100 year old wrong!

1. If you are a business owner or community leader, send us a formal non-compensated, signed letterhead endorsing the Ticci Man Project so we can place your company or name on our high profile website to show support for the Native American community as well as show Hollywood this project is very important and need of support.
2. Send us a big donation to help us get everything formalized and moving forward:

Donation (Not tax deductible)

- a. **Make check payable to: Ticci Man Project.** (Mail TMP c/o of Imajilan, PO Box 91437, San Diego, CA 92169)

This will not be a tax deductible donation. It will be used to get the nonprofit entity, Kon Ticci, officially set-up so we can obtain our 501 (c) (3) IRS approval, which allows for tax deductible donations, etc. and for uses deemed appropriate for the project by management. (Donors will be notified once we receive our IRS approval status so they can write off their donations—we estimate about 6-7 months but make no promises we will achieve this status this tax year). We need to raise as much money as possible for all our nonprofit aspects.

3. If you prefer to donate or contribute other things to TMP also, such as loan out your attorney, press agent, have your manger make some phone calls on our behalf, put together a volunteer web marketing or phone bank group, or something else you think we could use, etc. please let us know because all contributions are wonderful. This is a massive project and it needs a massive amount of assistance.
4. Spread the word and recruit at least two other businesses or leaders to lend their support to TMP. It's important we make a strong showing of support nationally.
5. Spread the word on the Net to all your friends and relatives! Have fun and go viral!

Our Greatest Thanks And Appreciation!
